- 24b. **Section 508 Compliance for Electronic and Information Technology (EIT):** Section 508 compliance information on the supplies and services in this contract are available at the following website address (URL): <http://www.trinitytp.com/>  
  
The EIT standard can be found at: [www.Section508.gov/](http://www.Section508.gov/).
- 25. **DUNS NUMBER:** 02-151-3198.
- 26. **NOTIFICATION REGARDING REGISTRATION IN SYSTEM FOR AWARD MANAGEMENT (SAM) DATABASE:** Contractor has an Active Registration in the SAM database. CAGE: 5GC19.

**TERMS AND CONDITIONS APPLICABLE TO INFORMATION TECHNOLOGY (IT)  
PROFESSIONAL SERVICES (SPECIAL ITEM NUMBER 132-51)**

**\*\*\*\*NOTE: All non-professional labor categories must be incidental to, and used solely to support professional services, and cannot be purchased separately.**

**1. SCOPE**

- a. The prices, terms and conditions stated under Special Item Number 132-51 Information Technology Professional Services apply exclusively to IT Professional Services within the scope of this Information Technology Schedule.
- b. The Contractor shall provide services at the Contractor's facility and/or at the ordering activity location, as agreed to by the Contractor and the ordering activity.

**2. PERFORMANCE INCENTIVES I-FSS-60 Performance Incentives (April 2000)**

- a. Performance incentives may be agreed upon between the Contractor and the ordering activity on individual fixed price orders or Blanket Purchase Agreements under this contract.
- b. The ordering activity must establish a maximum performance incentive price for these services and/or total solutions on individual orders or Blanket Purchase Agreements.
- c. Incentives should be designed to relate results achieved by the contractor to specified targets. To the maximum extent practicable, ordering activities shall consider establishing incentives where performance is critical to the ordering activity's mission and incentives are likely to motivate the contractor. Incentives shall be based on objectively measurable tasks.

**3. ORDER**

- a. Agencies may use written orders, EDI orders, blanket purchase agreements, individual purchase orders, or task orders for ordering services under this contract. Blanket Purchase Agreements shall not extend beyond the end of the contract period; all services and delivery shall be made and the contract terms and conditions shall continue in effect until the completion of the order. Orders for tasks which extend beyond the fiscal year for which funds are available shall include FAR 52.232-19 (Deviation – May 2003) Availability of Funds for the Next Fiscal Year. The purchase order shall specify the availability of funds and the period for which funds are available.
- b. All task orders are subject to the terms and conditions of the contract. In the event of conflict between a task order and the contract, the contract will take precedence.

**4. PERFORMANCE OF SERVICES**

- a. The Contractor shall commence performance of services on the date agreed to by the Contractor and the ordering activity.
- b. The Contractor agrees to render services only during normal working hours, unless otherwise agreed to by the Contractor and the ordering activity.
- c. The ordering activity should include the criteria for satisfactory completion for each task in the Statement of Work or Delivery Order. Services shall be completed in a good and workmanlike manner.
- d. Any Contractor travel required in the performance of IT Services must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the date(s) the travel is performed. Established Federal Government per diem rates will apply to all Contractor travel. Contractors cannot use GSA city pair contracts.

**5. STOP-WORK ORDER (FAR 52.242-15) (AUG 1989)**

- (a) The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days

after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either-

- (1) Cancel the stop-work order; or
  - (2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.
- (b) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if-
  - (1) The stop-work order results in an increase in the time required for, or in the contractor's cost properly allocable to, the performance of any part of this contract; and
  - (2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.
- (c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.
- (d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

## **6. INSPECTION OF SERVICES**

In accordance with FAR 52.212-4 CONTRACT TERMS AND CONDITIONS--COMMERCIAL ITEMS (MAR 2009) (DEVIATION I - FEB 2007) for Firm-Fixed Price orders and FAR 52.212-4 CONTRACT TERMS AND CONDITIONS COMMERCIAL ITEMS (MAR 2009) (ALTERNATE I OCT 2008) (DEVIATION I – FEB 2007) applies to Time-and-Materials and Labor-Hour Contracts orders placed under this contract.

## **7. RESPONSIBILITIES OF THE CONTRACTOR**

The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City, or otherwise) covering work of this character. If the end product of a task order is software, then FAR 52.227-14 (Dec 2007) Rights in Data – General, may apply.

## **8. RESPONSIBILITIES OF THE ORDERING ACTIVITY**

Subject to security regulations, the ordering activity shall permit Contractor access to all facilities necessary to perform the requisite IT Professional Services.

## **9. INDEPENDENT CONTRACTOR**

All IT Professional Services performed by the Contractor under the terms of this contract shall be as an independent Contractor, and not as an agent or employee of the ordering activity.

## 10. **ORGANIZATIONAL CONFLICTS OF INTEREST**

### a. Definitions.

“Contractor” means the person, firm, unincorporated association, joint venture, partnership, or corporation that is a party to this contract.

“Contractor and its affiliates” and “Contractor or its affiliates” refers to the Contractor, its chief executives, directors, officers, subsidiaries, affiliates, subcontractors at any tier, and consultants and any joint venture involving the Contractor, any entity into or with which the Contractor subsequently merges or affiliates, or any other successor or assignee of the Contractor.

An “Organizational conflict of interest” exists when the nature of the work to be performed under a proposed ordering activity contract, without some restriction on ordering activities by the Contractor and its affiliates, may either (i) result in an unfair competitive advantage to the Contractor or its affiliates or (ii) impair the Contractor’s or its affiliates’ objectivity in performing contract work.

### b. To avoid an organizational or financial conflict of interest and to avoid prejudicing the best interests of the ordering activity, ordering activities may place restrictions on the Contractors, its affiliates, chief executives, directors, subsidiaries and subcontractors at any tier when placing orders against schedule contracts. Such restrictions shall be consistent with FAR 9.505 and shall be designed to avoid, neutralize, or mitigate organizational conflicts of interest that might otherwise exist in situations related to individual orders placed against the schedule contract. Examples of situations, which may require restrictions, are provided at FAR 9.508.

## 11. **INVOICES**

The Contractor, upon completion of the work ordered, shall submit invoices for IT Professional services. Progress payments may be authorized by the ordering activity on individual orders if appropriate. Progress payments shall be based upon completion of defined milestones or interim products. Invoices shall be submitted monthly for recurring services performed during the preceding month.

## 12. **PAYMENTS**

For firm-fixed price orders the ordering activity shall pay the Contractor, upon submission of proper invoices or vouchers, the prices stipulated in this contract for service rendered and accepted. Progress payments shall be made only when authorized by the order. For time-materials - materials orders, the Payments under Time-and-Materials and Labor-Hour Contracts at FAR 52.212-4 (MAR 2009) (ALTERNATE I – OCT 2008) (DEVIATION I – FEB 2007) applies to time-and-materials orders placed under this contract. For labor-hour orders, the Payment under Time-and-Materials and Labor-Hour Contracts at FAR 52.212-4 (MAR 2009) (ALTERNATE I – OCT 2008) (DEVIATION I – FEB 2007) applies to labor-hour orders placed under this contract. 52.216-31(Feb 2007) Time-and-Materials/Labor-Hour Proposal Requirements—Commercial Item Acquisition As prescribed in 16.601(e)(3), insert the following provision:

- (a) The Government contemplates award of a Time-and-Materials or Labor-Hour type of contract resulting from this solicitation.
- (b) The offeror must specify fixed hourly rates in its offer that include wages, overhead, general and administrative expenses, and profit. The offeror must specify whether the fixed hourly rate for each labor category applies to labor performed by—
  - (1) The offeror;
  - (2) Subcontractors; and/or
  - (3) Divisions, subsidiaries, or affiliates of the offeror under a common control.

## 13. **RESUMES**

Resumes shall be provided to the GSA Contracting Officer or the user ordering activity upon request.

14. **INCIDENTAL SUPPORT COSTS**

Incidental support costs are available outside the scope of this contract. The costs will be negotiated separately with the ordering activity in accordance with the guidelines set forth in the FAR.

15. **APPROVAL OF SUBCONTRACTS**

The ordering activity may require that the Contractor receive, from the ordering activity's Contracting Officer, written consent before placing any subcontract for furnishing any of the work called for in a task order.

16. **DESCRIPTION OF IT PROFESSIONAL SERVICES AND PRICING**

*Please refer to the labor category descriptions and pricing incorporated into this GSA Pricelist.*

## Labor Categories SIN 132 51

### **IT Technician**

**Functional Responsibilities:** Perform all hardware maintenance technician duties, and have ability to operate the automated diagnostics system and to interpret diagnostics findings. Identify required spare parts, perform contractor's procedures for dispatching spare parts/field service personnel, and provide technical assistance to responding field service personnel. Plans, executes, and provides recommendations for preventative maintenance as approved by government personnel. Capable of proving recommendations on spares, spares program, planning, and tracking operational spares. Provide support in the re-capitalization of workstations, supporting installation, documentation and SA.

**Minimum Education:** High School Diploma. Associate's degree preferred.

**Minimum General/ Specialized Experience:** A minimum of six (6) years is required.

**Certifications:** May require Certification for Fiber Optics Installer (CFOI).

### **Network Administrator**

**Functional Responsibilities:** Perform administration duties for networking hardware including routers, switches, hubs, gateways, access points, network interface cards, networking cables, network bridges, modems, ISDN adapters, firewalls and other related network hardware. Must have firm grasp and knowledge of fiber and copper-based Ethernet technologies, capabilities and cabling and their connectivity to local and wide area networks. Install and maintain network cabling including fiber terminations and network connections and router/switches. Remove unused network cabling and equipment. Work with mission partners, customers and distant-end locations as directed to plan, install, configure and maintain communications system circuits. Propose network designs, schedule installations and schedule network maintenance with customers.

**Minimum Education:** A Bachelor's Degree from an accredited institute in an area applicable to this position (e.g. information systems, computer science, math, or engineering). An additional four years of relevant technical experience may be substituted for the Bachelor's Degree.

**Minimum General/Specialized Experience:** A minimum of three (3) years of relevant technical experience in the administration of network equipment.

**Certifications:** Certifications or equivalent experience as Certified Fiber Optics Installer (CFOI) and Cisco Certified Network Associate (CCNA), Cisco Certified Network Professional/Engineer (CCNP/CCNE) and Certified Information Systems Security Professional (CISSP) are highly desirable.

### **Network Administrator VTC**

**Functional Responsibilities:** Perform administration duties for VTC networking hardware and installation including routers, switches, hubs, gateways, access points, network interface cards, networking cables, network bridges, modems, ISDN adapters, firewalls and other related network hardware. Must have firm grasp and knowledge of fiber and copper-based Ethernet technologies, Audio Visual/Video Teleconferences (VTC) technologies, capabilities and cabling and their connectivity to local and wide area networks.

**Minimum Education:** A Bachelor's Degree from an accredited institute in an area applicable to this position (e.g. information systems, computer science, math, or engineering). An additional four years of relevant technical experience may be substituted for the Bachelor's. Degree

**Minimum General/Specialized Experience:** A minimum of three (3) years of relevant technical experience in the administration of network equipment.

**Certifications:** None

### **Network Engineer I**

**Functional Responsibilities:** Provides technical expertise and knowledge regarding hardware, systems and software and their installation for networks, support administration for clients' servers, plan and support network and computing infrastructure, performs troubleshooting analysis servers, workstations, controller servers and associated systems, document network problems and resolution for future reference, monitor system performance using security event management systems and implement performance tuning, maintain thorough knowledge of networking essentials; manage directory domain user accounts, permissions, group policy accounts, manage Firewall Policies and Rules, security patch management. Plans, executes, and provides recommendations for preventative maintenance. Capable of proving recommendations on spares, spares program, planning, and tracking operational spares.

**Minimum Education:** Associate's Degree. An additional two (2) years of relevant technical experience may be substituted for the Associate's Degree.

**Minimum General/ Specialized Experience:** A minimum of six (4) years of experience.

**Certifications:** None.

#### **Quality Assurance Manager/Specialist**

**Functional Responsibilities:** Organize and maintain all quality assurance and independent verification and validation (IV&V) documentation required. Responsible for ensuring compliance with recognized standards and practices. Review all documentation for completeness, accuracy, and correctness personnel as a witness to testing requirements; presents IV&V results and troubleshoots technical problems; makes recommendations to improve overall quality. Certify that deliverables have met all quality requirements. Perform software quality assurance and IV&V testing. Develop test scripts. Report software bugs, execute scripts, prepare reports, identify deficiencies and support the cloud migration deployment. Prepares all documentation related to test plans and scripts.

**Minimum Education:** A Bachelor's Degree from an accredited institute in an area applicable to this position (e.g. information systems, computer science, math, or engineering). An additional four years of relevant technical experience may be substituted for the Bachelor's. Degree

**Minimum General/Specialized Experience:** A minimum of six (6) years of experience is required.

**Certifications:** None.

#### **RedHat Enterprise Linux Systems Administrator**

**Functional Responsibilities:** Perform all of the RedHat Enterprise Linux Systems Administrator Duties. Able to integrate new technologies into new and existing systems, including the transition and migration of corporate systems. Participates in the isolation and resolution of complex hardware and software problems involving the application, the operating system, the hardware, the communications infrastructure, or any combination thereof. RedHat Enterprise Linux Systems Administrator shall have all applicable operating systems certifications required for the server and storage hardware that is part of the current operational baseline.

**Minimum Education:** Bachelor's Degree. An additional four ears of relevant technical experience may be substituted for the Bachelor's Degree.

**Minimum General/Specialized Experience:** A minimum of five (5) years of relevant technical experience in systems administration activities. Certificate of Expertise in Security-Enhanced Linux or three years of experience with Security-Enhanced Linux highly desirable.

**Certifications:** This position may require appropriate Windows/Unix/Linux and hardware admin certifications (Microsoft Certified Solutions Expert (MCSE), Certified Information Systems Security Professional (CISSP), Security+/A+, and/or Red Hat Certified Engineer/Technician).

### **Sr. Software Developer**

**Functional Responsibilities:** Leads team for design, implementation, and integration of software or independently performs complex software development tasks. Ensures efficient delivery of contract capabilities using industry standards and repeatable processes. Mitigates risks, controls costs and schedule variance, and effectively manages large scale, integrated projects. Provide technical knowledge and expertise in the development of strategic migration plans, develop migration database scripts and support the deployment and migration of the system off of one architecture and onto newly developed architecture.

**Minimum Education:** Bachelor's Degree in related field. An additional four years of relevant technical experience may be substituted for the Bachelor's Degree.

**Minimum General/Specialized Experience:** Four (4) years of experience is required.

**Certifications:** None.

### **Sr. Systems Administrator**

**Functional Responsibilities:** Oversees and manages the day to day configuration and operation of Information Systems, including integration of new technologies into new and existing systems and the transition and migration of corporate systems. Provides high level technical expertise and supervision for the isolation and resolution implementation of complex hardware and software problems involving the application, the operating system, the hardware, the communications infrastructure, or any combination thereof. Senior Systems Administrators may supervise the hardware and software maintenance personnel and activities. Must possess all applicable operating systems certifications required for the server and storage hardware that is part of the current operational baseline.

**Minimum Education:** Bachelor's Degree. An additional four years of relevant technical experience may be substituted for the Bachelor's Degree.

**Minimum General/Specialized Experience:** A minimum of five (5) years of relevant technical experience in systems administration.

**Certifications:** Appropriate Windows/Unix/Linux and hardware admin certifications (Microsoft Certified Solutions Expert (MCSE), Certified Information Systems Security Professional (CISSP), Security+/A+, and/or Red Hat Certified Engineer/Technician) may be required. Appropriate certifications from equipment vendors or their designated parties and a specialized training in Hitachi, Brocade and applicable Oracle storage devices may be required.

### **Systems Administrator**

**Functional Responsibilities:** Perform all of the Systems Administrator duties. Able to integrate new technologies into new and existing systems, including the transition and migration of corporate systems. Participate in the isolation and resolution of complex hardware and software problems involving system applications, operating systems, hardware, communications infrastructure, or any combination thereof. Systems Administrators shall have all applicable operating systems certifications required for the server and storage hardware that is part of the current operational baseline.

**Minimum Education:** Bachelor's Degree. An additional four years of relevant technical experience may be substituted for the Bachelor's Degree.

**Minimum General/Specialized Experience:** A minimum of three (3) years of relevant technical experience in systems administration activities.

**Certifications:** Appropriate Windows/Unix/Linux and hardware admin certifications (Microsoft Certified Solutions Expert (MCSE), Certified Information Systems Security Professional (CISSP), Security+/A+, and/or

Red Hat Certified Engineer/Technician) may be required. Appropriate certifications from equipment vendors or their designated parties and a specialized training in Hitachi, Brocade and applicable Oracle storage devices may be required.

### **SubSIN Categorie(s)**

#### **FSC/PSC Class D302 IT AND TELECOM- SYSTEMS DEVELOPMENT**

- Systems Development Services

Trinity Technology Partners Inc.'s software developers and engineers have extensive experience evaluating IT Environments and building integral and complex systems that are fully aligned with our customer's requirements. With an extensive experience in the IT field, we provide a thorough comprehensive understanding of business application rules and processes. Our staff is fluent in several application development languages and has experience in building multitier applications.

#### **FSC/PSC Class D308 IT AND TELECOM- PROGRAMMING**

- Programming Services

Trinity offers Enterprise Web & Application Development and Software Development Services

#### **FSC/PSC Class D310 IT AND TELECOM- CYBER SECURITY AND DATA BACKUP**

- Backup and Security Services

Trinity Technology Partners Inc. provides personnel with a concrete understanding of IT system backup and security requirements and best practices. In addition, our engineers are analytical and innovative thinkers with experience implementing and maintaining system security plans, performing data backup and recovery, working quickly (as applicable) to resolve mission-critical issues, troubleshooting and diagnosing errors, and providing clear communications within a team dynamic.

#### **FSC/PSC Class D316 IT AND TELECOM- TELECOMMUNICATIONS NETWORK MANAGEMENT**

- IT Network Management Services

Trinity Technology Partners offers IT Network Management Services, Network & System administration; Fiber Optic Cabling installation/repair; Video Teleconferencing (VTC) & Audio/Visual (AV) IT support, Business Continuity Planning

#### **FSC/PSC Class D317 IT AND TELECOM- WEB-BASED SUBSCRIPTION**

- Creation/Retrieval of IT Related Data Services
- Creation/Retrieval of Other Information Services
- Creation/Retrieval of IT Related Automated News Services

We offer data input/export, data/records analysis, error identification and resolution, acquisition support and documentation.

#### **FSC/PSC Class D399 IT AND TELECOM- OTHER IT AND TELECOMMUNICATIONS**

- Other Information Technology Services, Not Elsewhere Classified

Trinity Technology partners offer Cyber Security services and Software Quality Assurance, IV&V Testing.
